

## Flipping Good Networking!

Do you want to meet other women  
in business from the North East?

**Then this is the event for you.**

We have two special guest speakers who will be sharing the secrets to their success. International best-selling author **Nicola Cook from Aurora Training** will first be sharing her story of nearly 20 years in the sales and human development industry. Her inspirational journey through business will show you how you can achieve your potential and push out of your comfort zone.

**Alison Taylor from Food Local Food** will also be sharing her journey and explaining how she recently turned her innovative online food business around, through tough times, to become the fast-growing enterprise it has become. Her passion and dedication has driven her business forward and she will explain how winning WIN'S Best New Business Award in 2009 has helped her grow her business even further.

After hearing from our speakers, we will be running a flip chart networking session, which is your opportunity to get involved. If you're just thinking about starting a business, have just started or are looking for ways to grow your business, this exercise will help you make important contacts that will network that will have a direct impact on your business. So remember, don't forget your business cards!
