Dear Resident,

**Development of North Tyneside Council's Economic Regeneration Strategy  
2006-2020**

North Tyneside Council wishes to develop an Economic Regeneration Strategy that will help address economic issues and build upon the opportunities presented within North Tyneside up to 2020. It is also intended that the emerging Strategy will complement our Local Strategic Partnership's vision for North Tyneside over the same period.

As part of this process the Council has embarked upon a period of engagement in the preparation of the Strategy. In this respect the following attached documents have been prepared for our residents to make comment on and ultimately inform the final preparation of the Economic Regeneration Strategy:

- Outline of proposed structure, strategic themes, objectives and key issues affecting the development of North Tyneside's Economic Regeneration Strategy
- The draft delivery plan which will accompany the Strategy. The proposed actions outlined in the delivery plan reflect the Council's existing regeneration commitments, it is intended to review these actions on an annual basis.

North Tyneside Council is committed to working with all our residents to develop a robust Strategy which is fit for purpose. Therefore I would appreciate if you could take some time to review the attached documentation and provide me with your observations using the attached feedback form. Please note that the deadline for comments to be submitted is **12 noon on 24<sup>th</sup> February 2006**.

Yours sincerely

Aubrey Fawcett  
Head of Regeneration
