

North Tyneside Council

Dear Town Centre Business

Once again North Tyneside Council, in partnership with the Complete Growth horticultural project and the local Chambers of Trade are pleased to offer you hanging baskets and floral tubs at greatly subsidised prices.

With your help we can ensure that our town centres look their best this year - to take part in the scheme simply fill in the order form overleaf and return it to the appropriate address.

Your baskets and / or tubs will be delivered fully planted up at the beginning of the summer. All that we ask you to do is to provide any necessary brackets for the hanging baskets and then simply water and maintain the baskets and tubs whilst you have them.

If you already have tubs provided under this scheme please use the order form to order replants. If you wish to provide your own planting for existing tubs or if you have a tub that you no longer require, please let John Fleet know on 0191 200 5733 and we can arrange for the removal of any unwanted tubs.

By taking part in the scheme, you'll not only be helping to make the town centres bloom, but you'll also be supporting the Complete Growth project in Howdon, which provides training and employment for people with a variety of learning disabilities.

If you have any questions about the scheme, please contact John Fleet, Town Centres Manager on the above number or e-mail john.fleet@northtyneside.gov.uk.

Feel free to copy the order form for friends and business colleagues; but please remember that they must be in the town centres of North Shields, Wallsend and Whitley Bay to be eligible to take part in this scheme.

Thank you for your support; with your support we can really make our town centres bloom this summer!

John Fleet
Town Centres Manager
North Tyneside Council
